

To whom it may concern:

7/10/2014

I have worked closely with Green Earth Pest Control since 6/10/2013. When they first arrived we had both cockroaches and a rat problem. They were able to completely fix both issues and we have had zero problems for a very long time. Their service department is honest and accurate about what you can expect, their billing department is smooth and their techs are customer centric and thorough during our monthly service.

I highly recommend Green Earth Pest Control to remedy your pest problem or keep your non-pest problem as it is.

Sincerely,
