To Whom It May Concern:

I have had the privilege of working with Green Earth Pest Control for over 7 years.

Josh Alpert, the Owner and President employs the most professional staff who treat their customers with the utmost respect. Green Earth's staff come impeccably dressed in a Green Earth professional uniform so they are easily identifiable.

Green Earth's knowledge base regarding ALL kinds of pests is vast and thorough. I have hired Green Earth Pest Control for issues such as ants, bees, moths, termites and bed bugs to name a few.

Green Earth will come back as many times as it takes to eradicate an issue. Green Earth will also work around a customer's schedule in order to accommodate their needs and work schedule. Their communication to the customer or Property Manager is consistent whether via phone or email.

I would not think of employing another pest control company as long as they are in business.

They are that good!

Sincerely,

Robin Miller  
Property Manager
