To whom it may concern,

Re: Green Earth Pest Control, Inc.

It is with great pleasure that I write this reference letter on behalf of Green Earth Pest Control.

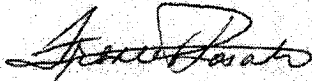

The experience I have had working with Green Earth has been nothing but of excellence.

Not only have I seen the difference in the service of elimination that they have provided to my buildings, but I have also heard this from our tenants and supers as well.

Green Earth Pest Control has such a courteous demeanor and professionalism that they have created a great rapport with our company and we are truly satisfied with their performance.

Anyone will be well served in choosing Green Earth Pest Control for their Exterminator.

Sincerely,

Frances Rosado  
Office Manager  
Salon Realty Corp.
