

**August 4, 2014**

**To whom it may concern:**

**It is with the great pleasure that I write to share the highest of accolades with you regarding our experience working with *Green Earth Pest Control*.**

**Josh Alpert, President, and his team have been servicing *The 80<sup>th</sup> Street Residence*, an Upper East Side Assisted Living Community dedicated to Residents with Alzheimer's and dementia, for eight years now. Josh has always been extremely attentive and has his workers on hand quickly when needed. They work professionally with a great level of customer service, and our needs are always met. Their response time is amazing.**

**Luckily, with their help, our building in the middle of Manhattan is well maintained with little or no pest problems. Anyone would be lucky to bring them on as their pest control vendor!**

**Sincerely,**

*Clare P. Shanley*

**Clare P. Shanley  
Executive Director**
